AN ILL-ASSORTED MARRIAGE PROPOSAL

Tropico, Cal, Nov. 8, '11.
Editor Sentinel:

In all your many years of life did you ever come in contact with a case like that which now confronts the people of this fair city, viz: That of Glendale striving to wed Tropico, after so many public rebuffs? It reminds me of a suitor for the hand of a fair moneyed maiden who is never discouraged and hopes eventually to win out—so long as a few members of her family favor the alliance.

Now, in the name of common sense, what does Glendale want with Tropico, under existing circumstances? Does she not know that with such tactics as she has displayed, that, should she compel the alliance, that discord and turmoid will ever be the only asset of the home; that time will never soften the grievances of this city, and disruption will ever stare them in the face?

Glendale is a beautiful city—a fact that no one will deny. So is some of these foreign lords that come across the seas to wed our American heiresses. Do they seek our shores for love of the fair maiden? Not at all; but for purely selfish motives—for finances to prop up their rotten feudal castles and redeem their estates from bankruptcy.

Now are not these cases parallel? Everybody, with clear visual organs, can understand motives so patent; so the residents of Tropico, who so much disfavor an alliance with Glendale, met in the City Hall, Tuesday evening to give voice in emphatic terms to their disapprobation, and organized themselves, men and women, into a Citizen's Committee to work for the defeat of the project. F. H. Davis was elected chairman, Myra C. K. Shuey, secretary and H. D. Roberson, treasurer. A finance committee, Messrs. Roberson and Moniot and Mrs. A. L. Bancroft, also a publication committee, Messrs. Burch, Carmack, Pettit, Friedgen and Mrs. Minnie Ayers, were appointed, and work was mapped out for all to do.

The citizens are taking hold of the matter in a determined legal manner, and will see that every citizen's name will be on the Great Register so that each may express his or her desires at the polls in December; then, if this fair maiden city insists on wedding the persistent suitor, we will say "God bles the ill-assorted pair.

"AN ONLOOKER."

LOCAL AND PERSONAL

Mr. Jacob Phillips, of Ft. Collins, Colo., is among the recent arrivals in Tropico, and is residing with his family, his wife, son and daughter of 15 and 13 respectively, at 1220 Glendale avenue. Mr. Phillips says that Tropico looks good to him—good enough for his future home. He is of such we are glad to welcome. Mr. Phillips is a pioneer, having crossed the plains in 1870.

Miss Bessie Phillips, of Boulder, Colo., where she now holds a position in the State University library, has it in mind to join her father's family in Tropico in the near future.

As near as can be estimated, there are about 1000 registered voters in the City of Tropico.

H. D. Weller, representing the Holmes Lime Co., of San Francisco, Cal., is visiting his sister, Mrs. J. Herbert Smith of 109 Central avenue.

C. C. Hapgood, one of Tropico's old residents, has accepted a position with E. L. Young, of the Tropico Light and Stove Co.

E. L. Young, who has been on the sick list the past few weeks, is slowly recovering and we hope to see him out again soon. Mr. Young is an ex-soldier of the Spanish-American war in the Philippines and left the service not without its marks upon his health.

Mr. Young is an ex-soldier of the Spanish-American war in the Phillipines and left the service not without the marks upon his health.

M. G. Coughlan has completed his elegant residence on the corner of Cerritos and Gardena street, has taken possession and is in the full enjoyment of a handsome home in Tropico.

We wonder if Glendale isn't having troubles enough of it's own without hankering after those of Tropico.

We hear of a confab between J. B. Treadwell and Robert Devine a few days since that must have been edifying in the extreme. Mr. Devine is a staunch friend of Tropico, and on being told by Mr. T. that the consolidation of Tropico with Glendale was a sure thing, expressed great sorrow. He had known the people of Tropico for many years and was sorry for them in their affliction. "Yes, the 'bunch' is on the run. We have got them scared," said Mr. Treadwell. "But your 'bunch' have had Tropico on Devine. "Well they beat us once, but Devine. "Wel they beat us once, but we'll beat 'em this time sure," says Treadwell. "But what better off will you be, if your 'bunch' beats this time?" Mr. Devine asked. "Well, I've got some friends in Glendale and I'll get even with my enemies in Tropico," says Treadwell. "Sure, then, you're the man that will bite off your nose to spite your face, are you?" and Mr. Treadwell hurried for the car.

The mal-contents have had the biggest piece of the city pie and still they are not happy.

Dr. C. D. Leudke has succeeded to the ownership of the "Wilkie" Colli s place, on Brand boulevard, and is making it his future home. He likes Tropico and trusts the good people of the city will not vote to make him change his residence.

The Good Government party of Los Angeles got the severest set-back it has had yet, when the Los Angeles Times flopped to its support.

Edward H. Weston, of the "Weston Studio," won first prize this month in "American Photography," Boston, in an open to the world competition. Second prize went to Dr. Ruzicka, of New York City and third to Hitoshi Yahagi, of Tokio, Japan.

WANTED—Girl to assist in house work for board and room. Apply 128 West Park avenue.

Mrs. C. C. Chandler is very ill at her residence on Cypress street.

Mrs. William Harvey, Jr., is very ill at her home on Tropico avenue.

The new K. of P. hall is receiving its inside finish and will soon be ready for occupancy.

Mr. Ed Hess, a former resident of Tropico, now a citizen of Los Angeles, had conferred upon him the first degree in knighthood by Visor Lodge No. 293, K. of P., last Monday night.

J. O. Harris and wife, of Turon, Kans., parents of our barber, left this a.m. for home. Mr. Harris regretted very much to leave the beautiful city of Tropico and they'll no doubt return at an early date to make their permanent home here.

Mrs. N. C. Burch is still an invalid. With rest and quiet it is hoped she will soon be out again.

We are in receipt of the Williamsport, Pa., Gazette with an entertaining letter descriptive of a trip over the Canadian Pacific railway, by O. Emmons Burch, a nephew of the editor of the Sentinel.

Mr. O. A. Gallup, of the Tropico Mercantile Co., is taking a well-earned vacation with his family at San Diego. By close application to the interests of his big store, Mr. Gallup has built up the largest grocery business of any similar concern in the valley.

The Citizens' Anti-Consolidation Campaign Committee consists of Mesdames Tiffany, Hapgood, Bancroft, Bahrenburg, Street, Shuey and Mrs. C. L. Bancroft, Mrs. S. A. Ayers and Messers H. G. Pettit, Tiffany, C. Jennings, McPhetters, Reynolds, Hickman, Shuey, Gabaig, Roberson, E. S. Ayers N. C. Burch, Nicholson, Friedgen, Jones, Cushing, J. Moniot and Davis. They have divided the city into seven districts and assigned to each a committee to look after the registration of voters and others mattetrs pertaining to the campaign.

CHURCH NOTES

By reason of his sudden illness, Dr. Hatch, of the Presbyterian church, was unable to go on with the services on Sunday, last. While offering the morning prayer he was overtaken with faintness and was compelled to call on Elder Richardson to dismiss the congregation, which was done, Elder Ballantyne pronouncing the benediction. The stricken pastor was hurriedly taken to his home and a physician called. Restoratives were applied and he was soon up again. On the following day he was taken to the home of his daughter in Washington Heights, his daughter, Miss Gertrude, going with him.

The doctor sends us word that he is all right again and that he will be in the pulpit again next Sunday and will have for the subject of his sermons, in the morning: "The Conquest of Death," and in the evening, "An Open Secret."

At the Methodist Episcopal church, corner Central and Palmer avenues, Rev. S. W. Carnes, pastor.

Regular services wiill be held. Preaching at 11 a.m. and 7:30 p.m. Morning subject, "The Rest of Faith." Evening topic, "A Great Victory that Seemed Improbable."

HIGH SCHOOL ITEMS

By Harold H. Story

The reception given by the teachers and pupils of the high school, to their friends and parents, last Friday evening, was highly successful. The whole school was thrown open for inspection, from the basement to the roof. The class rooms were splendidly decorated. A fine program was given under the auspices of the music department.

The Senior girls entertained the boys of the class, in the high school gymnasium, last Saturday evening. The guests of honor were the members of our victorious basket ball team.

There are at present, two hundred and seventy-nine pupils enrolled in the high school, and Mr. Moyse informs us that one more is expected within a few days.

Our school basket ball team defeated Manual Arts High School, in a practice game Fridday. However, our boys went down in defeat before the Burbank team, Tuesday. Of course that was an accident.

The try-outs for the school debating teams will probably be held a week frm Friday, of this week. Glendale will probably meet Santa Monica in debate at the opening of the league contests.

The library is open for the benefit of the public every day except Sunday.

CONSOLIDATION WITH GLENDALE—WHO WANTS IT—WHY?

The men, to the number of a dozen or more, who are fighting to down the City of Tropico and drive from power its legally constituted Board of Trustees and officers, made their first appearance at the City Hall last Thursday night.—Not in the capacity of boosters however but of knockers.

They came in the wake of Mr. George B. Woodberry, City Clerk of Glendale, with notice of the designation, by the trustees of that city, of December 16, as the day of an election on the consolidation of Tropico and Glendale. Their errand, if they had one, was not made known.

The message from the Glendale Board was read by City Clerk Street and, at the conclusion of the reading President Rittenhouse quietly observed: "The communication from Mr. Woodberry will be referred to the City Attorney."

Whereupon Mr. Woodberry marched out, meekly followed by his admiring retinue, completing an act in low comedy, with only one faint sally of Watsonian Wit:

"Would Sawtelle? No Hollywood." Ha-a.

"Not a drum was heard, not a farewell shot." Indeed so dull was the monotony of the affair that one of the "old guard" fell asleep and was left by his comrads to finish the "steep and thorny way" to Glendale alone and in sweet oblivion of the "pelting of this pitiless storm" that raged about him, in figurative fury.

There was no enthusiasm in the crowd, and with one or two exceptions, no manifestation of earnestness on the faces of the men that composed it, and those were manifestations of rankling hatred rather than of high and worthy earnestness of purpose.

Well what was it all for anyway? Let us see.

About ten months ago Tropico was an unincorporated town. A proposition of annexation to the City of Glendale was then submitted to the electors and voted down. Then came a propostion to divide the community in two and annex the territory of the east half east of a line 150 feet west of Brand Boulevard, to the City of Glendale. To defeat this move and in self-defense a counter proposition was hastely started, to incorporate the old town independently and in its integrity.

After a bitter fight on the ground and in courts the proposition carried, and the old town of Tropico became a city of the Sixth Class under the laws of the State

The fight for the defeat of incorporation was not abondoned however, but was kept up by a few of the leaders of the opposition, until about two weeks ago the cause was dismissed as wholly without merit. With most men as inglorious a termination of boasted purposes would serve to put a quietus on them and shame them into silence.

Much to the surprise and indignation of almost every one however, the contest was immediately renewed only in another form.

What are we to think of such proceedings any way. People must know that there can be no stability, peace or progress in a community in this country that will not submit to the will of the majority. When the people of Tropico declared for incorporation that should have been the end of contention. Pride of opinion is natural, but when it becomes dictatorial it becomes offensive, and when it is the inspiration of spite it is intolerable. But we forbear further comment.

Professng to want their streets improved, their residences lighted with electricity and their water service cheapened. The very minute the way is clear for gratiying their wants they attempt to block it. Proof position that street improvement, electric lights and better and cheaper water service is not what they want at all. It is something else. Indeed one person, almost, if not an outsider, publicly declares that all he wants is to "get even" with some body.

No, we know that this is not the case with the majority of the people who signed the petition for the consolidation election. They are sincere in their professions of what they want and are ready to listen to reason and be governed by it.

It is charged that our Board of Trustees have done nothing but spend money and have nothing to show for it.

We submit that, if this were true, not consolidation with Glendale, but the recall is the remedy.

In another column is printed a statement of the City's Receipts and Disbursements for the last seven months, from the date of the City's incorporation to the first of November, 1911.

From this it will be seen that of the sum of $2156.94 of the County Road Fund received from the county, over $1000.00 has been expended in the Care of Streets, nineteen-twentieths of which was expended in sprinkling on Glendale Avenue, Moore Avenue and Acacia Avenue (Tenth Street) or east of Brand Boulevard,—in the very district from which comes the most opposition and fault finding.

In another column is also printed a calender of Trustee's proceedings in the matter of street improvements. This ought to set at rest a whole lot of carping.

It will be noticed that the salaries paid are largely for the services of a City Attorney and a City Engineer. These services come high, but we have to have them.

Of course the salaries of the City Clerk and City Marshal ($25 and $15 a month respectively) are pieces of needless expenditure in the minds of those little people who are everlasting looking for somthing for nothing.

Six hundred dollars was expended for City Hall equipment, safe furniture, stationery, articles for permanent and proper house-keeping.

And there you have the whole matter, and the opposition are welcome to the most they can make of it.

Oh, but we want to go into Glendale that we may get electric lighting right away is the cry.

Now let us see into this matter a little.

First, the City of Glendale must look after the electric lighting of West Glendale in advance of any and all other propositions, and that involves an additional issue of the bonds of the city in the sum of $15,000 or $20,000, a proposition the taxpayers of the City of Glendale are not taking kindly to, or advocating with any great display of enthusiasm.

Second, were we to go into Glendale it will be a year before we can get a single city-provided electric glimmer. Consolidation, if carried, will not become effective before the spring elections or before the election of new officers to succeed the officers already in authority at the end of the term for which they were elected.

But we want consolidation with Glendale that we may the sooner become a part of the City of Los Angeles. Now this is the merest nonsense, the rankest absurdity. Glendale is opposed to consolidation with Los Angeles, and the opposition to Tropico's incorporation as an independent city know it. They know too that their representations as to this mater are false. A two third majority to become a part of Los Angeles cannot be obtained in Glendale or Tropico either, and the spending of breath in the matter, is a waste of breath, and of patience.

Finally The City Trustees of Tropico have worked industriously on a plan of electric lighting that is nearng completion, and when completed will afford a service at one half what Glendale is obtaining. Not higher than 8 cents a kilwat.

Now, people, why not be sensible, and let this consolidation proposition severely alone.

An election has been called and it is your duty to vote,—all of you, men and women too, thank the Lord,—that this vexed question may be settled and we may have peace, and municipal prosperity.

AT AN ADJOURNED REGULAR MEETING OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO, NOV. 6, THERE WAS ADOPTED THE FOLLOWING:

RESOLUTION NO. 37.

A resolution of the Board of Trustees of the City of Tropico, calling a Special Election to be held on the 16th Day of December, 1911, in said City to vote upon the question of consolidating the said City of Tropico with the City of Glendale; establishing an election precinct and the polling place; and appointing election officers for said election, and providing for the giving of notice thereof.

The Board of Trustees of the City of Tropico do resolve as follows:

Section 1. A special election is hereby called to be held in the City of Tropico, upon the 16th day of December, 1911 at which special election shall be submitted to the qualified electors of the said City of Tropico the question of whether the City of Glendale and the City of Tropico shall become consolidated into one municipal corporation, to be governed in the name and as a City of the Class, to-wit, the Sixth Class, under which the said City of Glendale is now governed.

Section 2. For the purpose of holding such special election, there is hereby established a special election precinct to be known and numbered as "Special Election Precinct No. 1", the boundaries of which shall be the boundaries of the City of Tropico as they now exist; and the polling place for the holding of said election in said special Election Precinct No. 1 is hereby established and designated as CITY HALL, AT JUNCTION OF CENTRAL AVE. AND SAN FERNANDO ROAD, IN SAID CITY; and the following officers of election are hereby appointed from the registered electors of the said Special Election Precinct No 1, whose names appear on the last assessment roll of said City of Tropico, to serve as election officers in said precinct, to-wit:

Inspector, George A. Dodson; Judges, Abraham B. Noble and Wesley H. Bullis, and the entire compensation of said election officers is hereby fixed at $5.00 each.

Section 3. Upon the ballots to be used at said election there shall be printed the words "For Consolidation" and "Against Consolidation" on separate lines, and there shall be a voting square at the right and opposite to each such proposition. Electors in said City of Tropico are hereby directed to vote upon the proposition of the proposed consolidation by stamping a cross (x) in the voting square at the right of and oposite to the proposition upon said ballot for which he desires to vote. If an elector shall stamp a cross (x) in the voting square after and opposite to the printed words "For Consolidation", his vote shall be counted in favor of consolidation; if he shall stamp a cross (x) in the voting square after and opposite to the printed words "Against Consolidation" his vote shall be counted against consolidation.

Section 4. The polls for said election shall be opened at six o'clock of the morning of said day, and shall be kept open until six o'clock of the afternoon of said day, when the polls shall be closed; provided, however, that if, at the hour of closing, there are any other voters in the polling place or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after six o'clock in the afternoon shall be entitled to vote although the polls may be open when he arrives.

Except as otherwise provided in this resolution or by law the ballots used at such election and the holding and conducting of such election shall be in conformity, as near as may be, with the general laws of this state concerning general elections.

Section 5. The City Clerk shall certify to the passage of this resolution and shall give notice of said election by causing this resolution to be published at least once a week for four successive weeks prior to such election, in the TROPICO INTERURBAN SENTINEL, a newspaper printed, published and circulated in said City of Tropico, which is hereby designated for that purpose; and by posting copies of this resoultion in three of the most public places in said City if Tropico for at least four weeks prior to said election; and no other notice of said election shall be given or required.
